

XGEN COATING SYSTEM™

Solutions. Delivered.

APPLICATION CASE STUDY:

Project Description: Apply Product to 6,000 sq. ft. atrium cafeteria seating area

Location: Jehovah's Witness Assembly Hall, Romeoville, Illinois

Date: January, 2017

PROJECT DETAILS

Project Overview: This 28-year-old porcelain floor is subject to the extremely heavy use of approximately 225,000 people per year. The facility has a dedicated tile and grout cleaning crew and equipment. To clean the floor, all the tables have to be removed from this large space. In spite of all of the effort put forth on a weekly basis, the floor still did not look clean. The Customer was looking for a solution to make the floor look better, easier to clean, and with less personnel.

xGen Product Purchased Through: Lambert Franklin, xGen Coatings

Customer Contact: Armand Lavelle, Facility Manager

Applicator: Timothy Haugland, Haugland Bros., Naperville Illinois

PRODUCT DETAILS

xGen Product Utilized: X-PROTECT Performance Topcoat - High Gloss

Features & Benefits: Floor sparkles with a brand-new look that projects cleanliness. Flooring can now be spot mopped and washed weekly with Microfiber mops rather than setting up heavy rinse-and-reclaim equipment each week with heavy manpower. Surface is more hygienic.
