

XGEN COATING SYSTEM™

**Solutions. Delivered.**

## APPLICATION CASE STUDY:

*Project Description:* Apply Product to Restroom Flooring  
*Customer:* Automotive Manufacturing Facility  
*Location:* Louisville, Kentucky  
*Date:* July, 2015

### PROJECT DETAILS

**Project Overview:** Client's restrooms are the original tile and grout, dating to the building's construction. The grout joints were badly stained, odors were a major concern and the floors were difficult to keep clean. Client wanted to restore luster to the floors without tearing out and replacing the tile. The client also wanted to improve the overall appearance of the floors for their employees and reduce on-going maintenance costs.

**xGen Product Purchased Through:** PPG Louisville / Chris Carnes, Louisville Sales Representative

**Customer Contact:** Jeffrey T. Gerrits, Regional Manager, Industrial Services Organization

### PRODUCT DETAILS

**xGen Product Utilized:** X-PROTECT Performance Topcoat - High Gloss

**Features & Benefits:** X-PROTECT Performance Topcoat provided a "like new" appearance to the stained tile and grout floors. Odors were eliminated. The coating provides slip resistance and better foot traction in the restrooms for employees. The coating is chemical resistant, and reduces on-going maintenance costs by easy cleaning with hot water and safe cleaners. X-PROTECT Performance Topcoat will provide an excellent appearance in the restrooms for 3-5 years.
